CADILLAC QUALITY (double density)

• Each disk certified

• Free replacement lifetime warranty

• Automatic dust remover

For those who want cadillac quality we have the Loran Floppy Disk. Used by professionals because they can rely on Loran Disks to store important data and programs without fear of loss! Each Loran disk is 100% certified (an exclusive process) plus each disk carries an exclusive FREE REPLACEMENT LIFETIME WARRANTY. With Loran disks you can have the peace of mind without the frustration of program loss after hours spent in program development.

100% CERTIFICATION TEST

Some floppy disk manufacturers only sample test on a batch basis the disks they sell, and then claim they are certified. Each Loran disk is individually checked so you will never experience data or program loss during your lifetime!

FREE REPLACEMENT LIFETIME WARRANTY

We are so sure of Loran Disks that we give you a free replacement warranty against failure to perform due to faulty materials or workmanship for as long as you own your Loran disk.

AUTOMATIC DUST REMOVER

Just like a record needle, disk drive heads must travel hundreds of miles over disk surfaces. Unlike other floppy disks the Loran smooth surface finish saves disk drive head wear during the life of the disk. (A rough surface will grind your disk drive head like sandpaper). The lint free automatic CLEANING LINER makes sure the disk killers (dust & dirt) are being constantly cleaned while the disk is being operated. PLUS the Loran Disk has the highest probability rate of any other disk in the industry for storing and retaining data without loss for the life of the disk.

Loran is definitely the Cadillac disk in the world

Just to prove it even further, we are offering these super LOW INTRODUCTORY PRICES

DISK DRIVE CLEANER \$19.95

Everyone Needs A Disk Drive Doctor.

FACTS

- 60% of all drive downtime is directly related to poorly maintained drives.
- Drives should be cleaned each week regardless of use.
- Drives are sensitive to smoke, dust and all micro particles.
- Systematic operator performed maintenance is the best way of ensuring error free use of your computer system.

The Verifin disk drive cleaner can be used with single or double sided 5¼" disk drives. The Verifin is an easy to use fast method of maintaining efficient floppy diskette drive operation. The Verifin cleaner comes with 2 disks and is packed in a protective plastic folder to prevent contamination. List \$29.95. Sale \$19.95. * Coupon \$14.95.

VOICE COMMAND

\$49⁹⁵ MODULE \$49⁹⁵

Keyboard Replacement

Voice Recognition

The Voice Command Module is a speech recognition device that lets you give commands to your Commodore-64 with your voice instead of a keyboard. This unit converts the sound waves generated when you talk into digital data that is stored in the computer memory. When you speak to your computer, the words you speak are matched against the data stored in memory and the result is converted to an instruction for the computer to perform. This is perfect for programmers and first time users alike. Six programs are included to help you get acquainted with the world of speech recognition.

1 SOS — Speech Operating System — This is the general utility program which helps you to build a speech file made up of a set of words.

2 Card File Program — This is a data base much like an index card file which you can control with your voice. You can store recipes, addresses, phone numbers or any kind of information you need to have filed. Up to 100 files may be kept on a single disk.

3 Aeronaut Game — This game challenges you to land a hot air balloon on 5 different landing pads without crashing into anything or running out of fuel. The balloons altitude is controlled by your voice which adds or removes hot air from the balloon.

4 Word Mix Puzzle — Here you must match words much like Concentration. If you guess correctly you win. No hands on the keyboard are needed since the speech recognition unit does the keyboard work from your voice.

5 Speech Graphics — Demonstrates how the voice command module works. Here you can graphically see what your speech looks like on the screen.

6 Demo Program — This is a simpler version of the Aeronaut game that shows you how a simple program is made when listed.

PLUS: You get easy to use instructions for making your own programs in BASIC or machine language using the voice command module.

All Six Programs Included FREE

SIXTH SENSE

The ULTIMATE

Modem-Terminal Program

\$59⁹⁵ in The U.S.A. \$59⁹⁵

The ULTIMATE modem software for the Commodore 64! You can tell it to originate and answer phone calls with complete dialogs even when you're not there. SIXTH SENSE responds to your programmed instructions, performing comprehensive, sophisticated functions automatically. Why limit yourself to modem programs of the past when you can have the future right now? Save time and money with the computer-fast modem program!

MACRO LANGUAGE for total control, including IF-THEN testing of data, time-of-day, and programmable counter. You can even tell SIXTH SENSE to "wake up" at specific times to perform activities.

700 LINE VIRTUAL SCREEN buffer with two-way scrolling, full-screen editor, bookmark, fast search, and split-screen line input. You'll wonder how you ever managed without it!

MOVE DATA between any devices on your system, including keyboard, screen, disks, modem and printer. Download to screen, disk and printer simultaneously at 300 or 1200 baud.

FILE TRANSFERS using ASCII X-ON/X-OFF, XMODEM, or CompuServe "B" Protocol. Two SIXTH SENSE users can upload and download ASCII files to each other simultaneously.

UNIVERSAL MODEM SUPPORT for operation with any direct-connect or RS232 modem.

DISK COMMANDS provide you with direct control of disk functions such as directory, scratch, rename, etc.

Use the macro templates and menu screens supplied, or design your own for your individualized terminal program. Set up your personal auto-boot functions, and SIXTH SENSE will automatically start performing your instructions when loaded.

Examples of personalized automatic functions possible with SIXTH SENSE:

- * Send/Receive Telex and other electronic mail.
- * Operate your own mini-BBS.
- * Download programs from networks like CompuServe.
- * Upload word processing files to automatic typesetters.
- * Access Bulletin Boards
- * Gather data from test equipment.

SIXTH SENSE is the complete modem program! It gives you greater control at better performance than you thought possible with your Commodore 64. No other modem software even approaches its capabilities. Discover your SIXTH SENSE.

Generators!!

Information can be a wonderful thing. Having enough of it when it's needed can save time and money and give you that very nice "together" feeling. **CodeWriter Systems** let you control information so you can enter it, find it and change it — just the way you'd like. Whether it's information about bills, taxes, recipes, club membership, stamp collections, or your new home business, **CodeWriter Systems** put things in order. Simply "draw" any kind of screen you want — just like making up a paper form to hold information. Only there's no paper to slow things down. Once you have your form, add some real computer power: calculate automatically, hold grand totals, test for bad information — for one form or hundreds. There's no need to "program". Just use plain English!! Most of the instructions you'll need are right on the screen for you. Like all **CodeWriter** programs, your **CodeWriter Systems** gives you your own program on your own disk — in minutes the first time you try. Your new program will search for information any way you'd like, update old information, make new calculations, all at computer speed.

Word Writer with Spell Checker
(Scrolls 80 columns in color)

This menu-driven word processor contains a 40,000 word spelling checker to locate misspelled words and a built-in, five-function calculator. A program which can be used by itself (stand alone) or interfaced with Timeworks' Data Manager, Data Manager 2, or SwiftCalc, enabling you to maintain and print out name and address lists, create individualized form letters automatically, and produce customized reports up to 20 columns wide. You are guided through this program by easily understood instructions on your display screen. Two plastic keyboard overlays which place the word processing commands directly on your keyboard.

Data Manager 2
(Super Database)

A menu-driven general information storage and retrieval system with report writing, graphics, statistics, and label making capabilities. Can be used by itself or interfaced with Timeworks' Word Writer and SwiftCalc programs; enabling you to produce customized reports incorporating information from all three systems. Items can be easily retrieved and printed by name, index code, data range, amount range, or any category of information stored in the system. Timeworks' exclusive X-Search, X-Sort, and X-Chart features allow you to easily cross-search any of the categories. Or arrange your stored items in increasing or decreasing order, alphabetically, numerically or by date.

S'MORE Cartridge

57% More Memory For BASIC

C128 Programming on your Commodore 64

For the first time, the Commodore 64 computer owners can make use of the full memory that came inside their Commodore 64 without having to learn sophisticated assembly or machine language programming. The new S'more BASIC Cartridge allows BASIC programmers to use over 60K of RAM for BASIC programs. This 57% gain in available memory is not restricted in any way, it can be used for arrays, variables and BASIC programs which would over-load the capacity of an un-expanded Commodore 64. List \$69.95 **Sale \$59.95 Coupon \$49.95.**

S'MORE (for Super Memory Optimized RAM/ROM Expansion) is a powerful cartridge-based program which provides...

- * 61,183 bytes of C-64 RAM memory freed for BASIC programming (57% more than the 38,911 now free). This gain is not restricted in any way, and can be used for arrays, variables, and BASIC programs which would overload the un-expanded C-64's capacity.
- * Over 60 new and enhanced BASIC commands & functions
- * Full error trapping, and an automatic error help which lists the error line and places a flashing cursor at the beginning of the program statement containing the error
- * No peeks or pokes because S'MORE provides direct access to normally peeked/poked items
- * Full up-down scrolling through program listings for easier program editing

Relative File Commands: DOPEN# & RECORD#. **Print Using And Other Formatting Tools:** PRINT USING, PUDEF (define format for the PRINT USING function), & PRINT AT (row, col.). **Full Error Trapping:** TRAP, EL (returns error line #), ER (returns error #), ERR\$ (returns error description), RESUME, & RESUME NEXT. **Structured Programming Commands:** DO, LOOP, EXIT, UNTIL, & WHILE. **Formatted Input Commands:** GETKEY, INLINE, INPUT (improved), INPUT AT (row, col.), INFORM (limits allowed response keys and length of response). **Peeks & Pokes Not Needed:** Direct access to normally peeked/poked items is provided with commands like BORDER, PAPER, INK, VID(x) (x—screen memory location), COL(x) (x—color memory location), VIC(x), SID(x), CIA(x), NORM, UPPER, & LOWER.

A BRIDGE TO THE C-128: Commodore 64 owners get immediate memory expansion from S'MORE. S'MORE's command structure is similar to the C-128, allowing programmers to make use of advanced programming techniques available on the C-128's new BASIC 7.0 so that programs written on S'MORE BASIC may be more easily converted to run on the C-128.

AEC Spelling — A series of seven educational software programs for grades 2 through 8. It teaches the spelling of 4,000 words most commonly used in writing (98% of most people's writing vocabulary). The word lists used are the result of over 25 years of research into the writing/spelling needs of children and adults. Each grade level consists of one two-sided disk with word lists on one side and study activities on the other. The activities are designed to develop mastery in spelling utilizing a Test/Teach/Test approach. A pre-test is used to find out which words a user cannot spell correctly. These are recorded on a "Words To Study" list. The activities for learning these words are provided. Finally, a post-test is taken by the learner to measure progress. The approach is simple and rewards are built in. (Grades 1-8) List \$39.95. Special Sale — 8 programs/4 disks \$24.95.

2511 Stickybear Bop (Disk) List \$34.95 Sale \$24.95

Rack up points by bopping all kinds of objects — planets, stars, ducks, and more... First, you'll flip balls at an animated shooting gallery of whizzing targets that appear. Bop as many as you can. Bop more, score more!... To pile up points in succeeding rounds, you must bop the assorted objects Mr. and Mrs. Stickybear are gobbling... don't get bopped by the sandbags Stickybear drops when he sails across the top of the screen in his balloon... and watch out for a pair of silly birds who will try to steal the little balls you need to play with. The game continues with more shooting galleries, sandbags, a bigger flock of silly birds, and more of everything to be bopped.

2512 Stickybear Numbers (Disk) List \$34.95 Sale \$24.95

There are colorful groups of big moving objects, such as ducks, birds and bears, that reinforce numbers and counting skills. You can use the space bar to learn to count up and down. The many possible picture combinations work to captivate youngsters with an endless variety of picture shows and give them plenty of hands on computer experience. (32 page book, disk, colorful Stickybear poster, Stickybear stickers.)

2513 Stickybear Basketbounce (Disk) List \$34.95 Sale \$24.95

Your goal is to win as many points as you can by catching colorful, bouncing, falling objects — including bricks, donuts, and stars — before running out of baskets. While trying to accumulate points, Stickybear must duck falling objects and dodge moving ground obstacles that try to trip you. Keep score on the computer to see which player's on top. New obstacles and falling objects in each successive round require more and more skill in order to score. The rounds increase in difficulty as you progress through each level, making Stickybear Basketbounce a game that is fun and challenging for all ages.

2514 Stickybear Opposites (Disk) List \$34.95 Sale \$24.95

Stickybear floats across the screen on unicycles, in cars, on hot air balloons and other delightful vehicles to teach beginners about opposites and build reasoning skills. Such concepts as up/down, full/empty, in front/behind and more soon become crystal clear as Stickybear does his stuff with fun activities and eye-popping animation. A colorful book and a poster provide additional opposites for 3- to 6-year-olds to learn.

2515 Stickybear ABC (Disk) List \$34.95 Sale \$24.95

Beautifully animated pictures help children learn their ABC's and become familiar with computers. Two full-screen, full-color pictures with sound represent each letter in the alphabet. Besides helping boys and girls become familiar with computers, Stickybear ABC teaches younger children to recognize and name the letters. Older children begin to recognize words on sight.

2516 Stickybear Shapes (Disk) List \$34.95 Sale \$24.95

Three delightful, full-color games help 3- to 6-year-olds identify circles, squares, triangles, rectangles and diamonds. When the youngster makes a correct choice, a big, bright picture comes alive with colorful animation! Even older children who have already learned these shapes will enjoy experimenting with Stickybear Shapes! A special book and poster that accompany the disk provide additional activities for building shapes recognition, an essential school skill.

2600 Pic. Builder (Disk) List \$34.95 Sale \$24.95

You place your picture blocks side by side above and below, or diagonally to create pictures of outer space, castles, trains, farm animals and much more. We've stored 40 build-by-number pictures on the disk to get you started. Or, you can be really creative and invent your own pictures. Since the possibilities are endless... you've got a program that never grows stale. You can even save your pictures and print them. Advanced users can use this program in conjunction with other graphic utilities to create designs and pictures. In addition to lots of fun with fantastic graphics, this program is perfect for developing computer practices and concept skills.

World's Greatest Baseball — Finally a great sports game. Realistic right down to the playing field. Control all the actions even the outfielders. Play realistic baseball all year round. (Fantastic graphics, action, and sound!) (Disk) List \$34.95. **Sale \$22.95.**

Jet Combat Simulation. Flight simulation programs are the most requested in the country. The key to a good one is realism, the sensation of being in the cockpit — guiding the plane through take-offs, landings and air to air — air to ground combat. You are an Air Force pilot and your mission is critical. Your success in completing your orders depends on how quickly and accurately you react. Very Intense — Fantastic Graphics, animation and control elements. (Disk) List \$39.95. **Sale \$22.95.**

Pitstop II. At last the long awaited sequel to Pitstop I. Now you can have two player action with split screens for twice as much fun where the winning is in the pits. (Disk) List \$39.95. **Sale \$22.95.** * Coupon \$19.95

Ballblazer — Unique split-screen, 3-D graphics give you and your opponent a first person view of the field of play. You race across the playfield in your Rotofoil trying to capture the ball and fire it through the goal before your opponent. The winner is the player with the most points at the end of the timed competition. Hold onto your joystick and keep that finger on the fire button, this is the type of two player head-to-head action you've been waiting for. Two Players. (Disk) List \$29.95. **Sale \$24.95.**

Summer Games II — The original Summer Games was last Summer's No. 1 seller. Carry on the tradition with another chance to "Go for the Gold!" Introducing Summer Games II with 8 new Olympic events including Kayaking, cycling, fencing, diving, track & field, gymnastics and equestrian. The excitement of Olympic competition is present in this new version as it was in the original. Great graphics and sound effects. This one's a winner! (1 to 8 players). (Disk) List \$39.95. **Sale \$24.95.**

Impossible Mission. As a member of the Anti-Computer Terrorist (ACT) Squad your mission is to reach the infamous Elvin, who is holding the world hostage with the threat of nuclear annihilation. Elvin is hidden in his data base installation protected by robot defenders. Can you penetrate his complex, break into his computer system, and abort his plans? The survival of the world is in your hands! (Disk)
List \$34.95. **Sale \$22.95.**

Rescue On Fractalus! — Your mission is to fly your Valkyrie Fighter through the Jaggi defenses and rescue the downed Ethercorps pilots. Sounds easy, but don't let it fool you. It's tough enough just to navigate the mountains and canyons of Fractalus, but try doing it while destroying enemy gun emplacements or dodging suicide saucers. We supply the Long Range Scanner, Dirac Mirror Shield and Anti-Matter Bubble Torpedoes ... YOU supply the skill and guts! One Player. (Disk) List \$29.95. **Sale \$24.95.**

A six programme adventure
with 180K of memory

CHILLER Opened to Five Star Reviews in Europe recently this is surely one of the most
challenging and unusual games available for the C64. Written by "Commodore
Programmers of the Year" Richard and David Darling. The game has five different
spectacular screens with hidden twists — if you get this far you have to retrace your
steps through another five of increasing difficulty.

KIKSTART A one or two player game with split screen scrolling graphics that
realistically simulates off road riding on eight different and challenging courses.
KIKSTART is an import of surprisingly high quality from Great Britain and could easily give
many American programs a run for their money, especially at its incredible low price
of \$9.95 game play is flawless! Computer Entertainment June 1985 USA

3532 Hydrax — Adventure Arcade Game List \$12.95 **Sale \$8.95**

One of the toughest on the market. So tough we are offering a \$1000.00 reward for solving Hydrax riddle. (Details inside each package) Text plus great graphics!

3534 Task Force — War Simulation List \$12.95 **Sale \$8.95**

Fleet and aircraft action. Designed by one of NATO's programming experts.

3536 Neoclyps — Arcade Game List \$12.95 **Sale \$8.95**

Save your planet from alien invaders. Exciting! Difficult! Great Graphics!

3538 Mummy's Tomb — Arcade Game List \$12.95 **Sale \$8.95**

72 rooms. Infinitely variable! Collect treasures while avoiding deadly foes.

3530 Pro Golf — By Tom Weiskopf List \$14.95 **Sale \$9.95**

The most realistic golf strategy game you've ever played because a pro helped design it. Now, up to 4 players at a time can play 18 of Golfdom's Classic Holes any time — in any weather! More Options: practice putting green, variable club selection, difficulty levels. More Realism: Putting on contoured greens that break like real ones, rain and wind conditions are different every time you play, pin placement varies from round to round, water and sand hazards are handled as in real life. More Control: infinite swing strength choices, full 360 degree hitting. Computerized Scoring: automatic handicap updating, complete wagering.

3526 Super Black Belt Karate List \$9.95 **Sale \$8.95**

Use all of your joystick skills as you compete with the computerized Karate expert or play against your favorite opponent in 2 player action.

3528 Warp Drive List \$9.95 **Sale \$8.95**

Maneuver your space craft through a crowded field of satellites and alien ships, but watch the clock! Multi-level with 1 or 2 players.

3524 Jot-A-Word List \$9.95 **Sale \$8.95**

A computerized version of the old five letter word game. Simply pick a secret five letter word (5000 words on a disk) and then play against the Jot-A-Word Genie or simply play a solitaire version. A real challenge to your intellect, reasoning powers, logic and deduction skills. Ages 9-adult.

3522 Linkletter: Kids Say The Darndest Things ... To Computers List \$14.95 **Sale \$9.95**

In this program, I ask questions and use answers kids provide to create wonderful and hilarious stories. Fun for the entire family — great learning for children ages 5-12. Parents can play this program with their younger children to help them learn to read, type and create stories — and with the older kids to help them explore our language.

PARTY QUIZ

Trivia Controller & Software

Discover a better way to learn while you play, at a new, low price. Learning and entertainment are probably the reasons you bought a home computer. We've created a new, unique hardware/software system, like nothing ever produced for home computers, that satisfies those two motivations. It's called PQ, The Party Quiz Game. Included in each package are four special controllers (one for each player), a program disk and General Edition 1 disk containing 2700 questions covering a variety of subjects. PQ's Question/Answer Library (6 optional packages) expands the total number of questions to over 18,000. PQ asks the players a question; all are allowed to respond at once. Points are awarded for correct answers which are displayed on screen after a time elapses. All age and education levels, from reading age on up, can play thanks to PQ's "handicap" feature. Find out for yourself why Party Quiz gets 4 star ratings. List \$49.95, Sale \$24.95.

PQ's four exclusive Quick Response™ controllers free players from keyboard captivity.
